\*If a faculty member believes that the potential violation is below a Level 1, please review the Warning Level Guide found on the CLASS Academic Integrity Website. A second Warning violation is considered an aggravating factor and said second case becomes a Level 1 violation.

\*\*Faculty have discretion to select the course sanction, including course failure, regardless of violation level. Academic Integrity Panels determine the violation level and must apply sanctions from that violation level. A 2nd or subsequent may not be considered a Level 1. All students found responsible for a Level 1, 2, or 3 violations of the Academic Integrity Policy must successfully complete the free, online Academic Integrity Seminar to register for subsequent semesters and to be eligible for removal of any temporary transcript notation.
